

Combining Beauty and Security

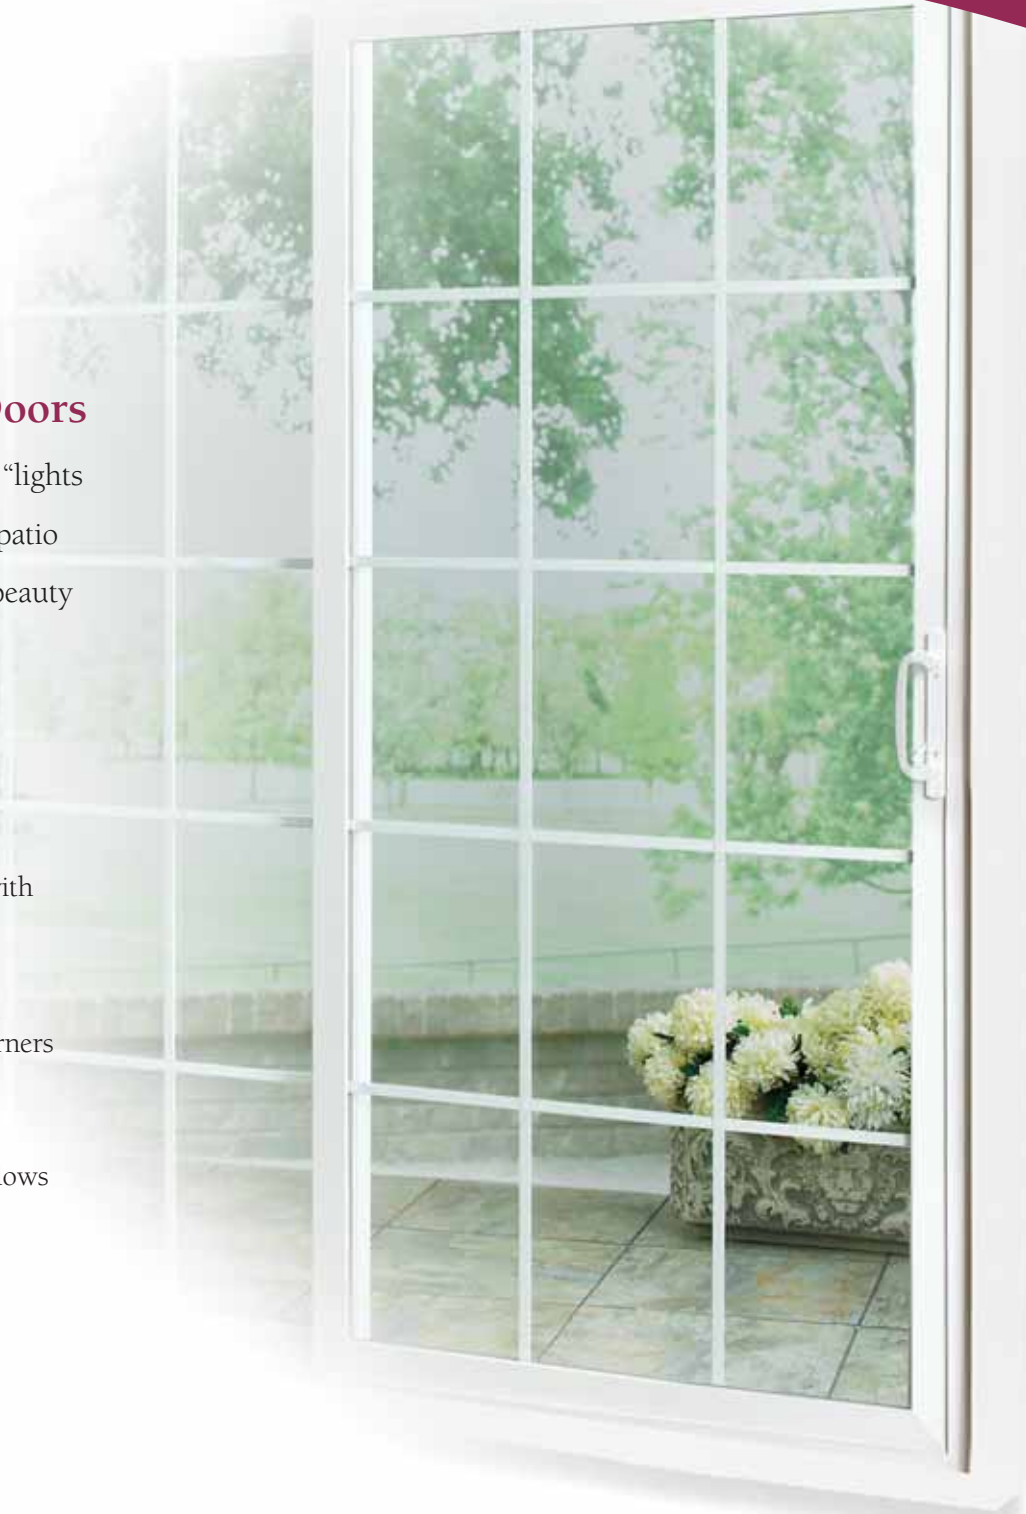

More Than A Window.™

Vinyl Sliding Patio Glass Doors

Home owners all agree that natural light “lights up one’s life.” The Alliance vinyl sliding patio door does just that, with a statement of beauty and the confidence of security.

Patio Door Features

- **Capture the Light!**
Designed with maximum glass area, yet with strength to conquer the elements.
- **Built to Last**
Door possesses exceptional strength while minimizing frame area. Fusion welded corners keep the sash panels straight and true.
- **Highest Quality Hardware**
The Patio doors “easy touch” operation allows moveable panels to glide smoothly with minimum effort.
- **Lifetime Guarantee**
Alliance patio doors are covered under Assurance Plus Lifetime Warranty.

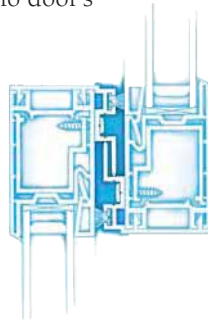

Beauty Becomes the Home

The Alliance door was designed with maximum glass area to capture the light, while conquering the elements. Through modern, computer-aided design engineering, the door possesses exceptional strength while minimizing frame area. Fusion welded corners keep the sash panels straight and true.

Doors see much more operational use over their lifetime than windows. The Alliance patio door's "easy touch" operation allows moveable panels to glide smoothly with minimum effort. The panels lock simply and securely with the highest quality hardware.

Alliance patio doors are covered under Assurance Plus® Lifetime Warranty.
